I.—NORTH RONALDSHAY LIGHTHOUSE.

THE COMMISSIONERS of the NORTHERN LIGHTHOUSES hereby give Notice that a LIGHTHOUSE is being built upon the ISLAND of NORTH RONALDSHAY in ORKNEY, the Light of which will be exhibited on the Night of FRIDAY the 1st September 1854, and every night thereafter, from the going away of day-light in the evening to the return of day-light in the morning.

The following is a Description of the Lighthouse and the Appearance of the Light, by Mr. DAVID STEVENSON, Engineer to the Commissioners:—

THE LIGHTHOUSE is in N. Lat. $59^{\circ} 23' 15''$, and W. Long. $2^{\circ} 38'$; it stands on the Northern Point of the Island of North Ronaldshay, and by Compass it bears from Moul-head of Papa-Westra, W. N. THE NORTH RONALDSHAY LIGHT will be known to Mariners as a REVOLVING LIGHT, producing a bright flash of the natural colour once in every 10 seconds. It will be visible all round the Compass. The Lantern is elevated 140 feet above the level of the sea; and the Light will be seen at the distance of about 18 nautical miles, and at lesser distances, according to the state of the atmosphere.

II.—START-POINT LIGHTHOUSE.

THE START-POINT Light, which is 6½ miles from North Ronaldshay Light, being at present a REVOLVING LIGHT, producing a bright flash once in every minute, the COMMISSIONERS further give notice, that on and after the night of Friday the 1st September 1854, when the new Revolving Light at North Ronaldshay is to be exhibited, the present REVOLVING LIGHT at Start-point WILL BE CHANGED TO A FIXED LIGHT of the natural color.

Rangoon Post Office Notification.

LETTERS and Newspapers, which should be addressed to RANGOON only, are frequently directed by mistake to Pegu or Burmah, and letters, &c. intended for delivery in Pegu, Prome, Bassien and other places in the Provinces, are in like manner erroneously addressed to "Rangoon, Burmah." The Rangoon Post Master begs to notify that, with such *vague* directions, this Department is left to find out to which of the Stations such letters should be forwarded, and from want of information, great disappointment is felt when they are despatched to the wrong Station. To obviate this, it is desirable, that parties posting letters in Calcutta or elsewhere, should be careful to direct them to their respective Stations, and to inform their Agents and Correspondents, when leaving one place for another, of their change of address, to ensure letters being directed to the proper Station. A list of places in the Pegu Provinces or in Burmah, and their distance from Rangoon, is annexed below, *viz.*:

| | |

| Donabew, | 40 miles. |

Letters addressed to public Functionaries, whose head-quarters or residence is in Rangoon, should be addressed "Rangoon," instead of Pegu or Burmah; but if intended for delivery at other Stations, should be addressed to those Stations, the word Rangoon to be omitted.

Rangoon Post Office Notification.

LETTERS and Newspapers, which should be addressed to RANGOON only, are frequently directed by mistake to Pegu or Burmah, and letters, &c. intended for delivery in Pegu, Prom, Bassien and other places in the Provinces, are in like manner erroneously addressed to "Rangoon, Burmah." The Rangoon Post Master begs to notify that, with such *rage* directions, this Department is left to find out to which of the Stations such letters should be forwarded, and from want of information, great disappointment is felt when they are despatched to the wrong Station. To obviate this, it is desirable, that parties posting letters in Calcutta or elsewhere, should be careful to direct them to their respective Stations, and to inform their Agents and Correspondents, when leaving one place for another, of their change of address, to ensure letters being directed to the proper Station. A list of places in the Pegu Provinces or in Burmah, and their distance from Rangoon, is annexed below, *viz.*:

| | | |
|-------------|-------|--------------|
| Donabew, | | 40 miles. |
| Pegu, | | 55 " |
| Sittang, | | 67 " |
| Shoaygyeen, | | 90 " |
| Bassein, | | 95 " |
| Henzada, | | 95 " |

| Yeagheen, | | 160 " |
| Tapon, | | |
| Tindan, | | |
| Tayngheen, | | |
| Yandoon, | | |
| | | Below Prome. |

Letters addressed to public Functionaries, whose head-quarters or residence is in Rangoon, should be addressed "Rangoon," instead of Pegu or Burmah; but if intended for delivery at other Stations, should be addressed to those Stations, the word Rangoon to be omitted.

(Signed) C. M. CHISP,
Post Master.

Notice.

THE public are informed, that in consequence of the termination of the Contract with the General Screw Steam Shipping Company, for the conveyance of the Mails to and from the Cape of Good Hope and England, it has been found necessary to revert to the route of Egypt for the transmission of Books between India and the United Kingdom, and that under the authority of Treasury Warrant, dated the 14th April 1854, this arrangement was carried into effect as regards the despatch of Books from the United Kingdom on and from the 19th instant.

In order to cover the expenses incurred in the transmission of these Books across the Isthmus of Suez, it has been decided, with concurrence of the Court of Directors of the East India Company, to increase the postage from 6d. to 8d. the half pound.

Under these circumstances above stated, this Department has been instructed to collect in future, on all Books posted in Bengal, addressed to the United Kingdom, the following rates of postage:—

NOTICE TO MARINERS

EXHIBITION OF A NEW REVOLVING LIGHT AT NORTH RONALDSHAY, AND ALTERATION OF THE START-POINT LIGHT FROM A REVOLVING LIGHT TO A FIXED LIGHT.

I.—NORTH RONALDSHAY LIGHTHOUSE

THE COMMISSIONERS of the NORTHERN LIGHTHOUSES hereby give Notice that a LIGHTHOUSE is being built upon the ISLAND of NORTH RONALDSHAY in ORKNEY, the Light of which will be exhibited on the Night of FRIDAY the 1st September 1854, and every night thereafter, from the going away of day-light in the evening to the return of day-light in the morning.

The following is a Description of the Lighthouse and the Appearance of the Light, by MR. DAVID STEVENSON, Engineer to the Commissioners:—

THE LIGHTHOUSE is in N. Lat. 59° 23' 15", and W. Long. 2° 23' 38"; it stands on the Northern Point of the Island of North Ronaldshay, and by Compass it bears from Moul-head of Papa-Westra, W. N. W. $\frac{1}{4}$ North, distance 15 nautical miles; and from Start-Point of Sanday Lighthouse, S. S. W. $\frac{1}{4}$ West, distance 6 $\frac{1}{2}$ miles.

THE NORTH RONALDSHAY LIGHT will be known to Mariners as a REVOLVING LIGHT, producing a bright flash of the natural colour once in every 10 seconds. It will be visible all round the Compass. The Lantern is elevated 140 feet above the level of the sea; and the Light will be seen at the distance of about 18 nautical miles, and at lesser distances, according to the state of the atmosphere.

II.—START-POINT LIGHTHOUSE.

THE START-POINT Light, which is 6 $\frac{1}{2}$ miles from North Ronaldshay Light, being at present a REVOLVING LIGHT, producing a bright flash once in every minute, the COMMISSIONERS further give notice, that on and after the night of Friday the 1st September 1854, when the new Revolving Light at North Ronaldshay is to be exhibited, the present REVOLVING LIGHT at Start-point WILL BE CHANGED TO A FIXED LIGHT of the natural color.

Notice.

THE public are informed, that in consequence of the termination of the Contract with the General Screw Steam Shipping Company, for the conveyance of the Mails to and from the Cape of Good Hope and England, it has been found necessary to revert to the route of Egypt for the transmission of Books between India and the United Kingdom, and that under the authority of Treasury Warrant, dated the 14th April 1854, this arrangement was carried into effect as regards the despatch of Books from the United Kingdom on and from the 19th instant.

In order to cover the expenses incurred in the transmission of these Books across the Isthmus of Suez, it has been decided, with concurrence of the Court of Directors of the East India Company, to increase the postage from 6d. to 8d. the half pound.

Under these circumstances above stated, this Department has been instructed to collect in future, on all Books posted in Bengal, addressed to the United Kingdom, the following rates of postage:—

Rangoon Post Office Notification.

LETTERS and Newspapers, which should be addressed to RANGOON only, are frequently directed by mistake to Pegu or Burmah, and letters, &c. intended for delivery in Pegu, Prome, Bassien and other places in the Provinces, are in like manner erroneously addressed to "Rangoon, Burmah." The Rangoon Post Master begs to notify that, with such *vague* directions, this Department is left to find out to which of the Stations such letters should be forwarded, and from want of information, great disappointment is felt when they are despatched to the wrong Station. To obviate this, it is desirable, that parties posting letters in Calcutta or elsewhere, should be careful to direct them to their respective Stations, and to inform their Agents and Correspondents, when leaving one place for another, of their change of address, to ensure letters being directed to the proper Station. A list of places in the Pegu Provinces or in Burmah, and their distance from Rangoon, is annexed below, *viz.*:

| | |
|-------------------|----------------|
| Donabew, | 40 miles |
| Pegu, | 55 " |
| Sittang, | 67 " |
| Shoaygyeen, | 90 " |
| Bassein, | 95 " |
| Henzada, | 95 " |
| Tonghoo, | 130 " |
| Moncan, | 120 " |
| Thayetmyo, | 200 " |
| Mecaday, | 205 " |
| Namean, | 195 " |

| Yeagheen, | 160 " |
| Tapoon, | } |
| Tindan, | } Below Prome. |
| Tayngheen, | } |
| Yandoon, | } |

Letters addressed to public functionaries, whose head-quarters or residence is in Rangoon, should be addressed "Rangoon," instead of Pegu or Burmah; but if intended for delivery at other Stations, should be addressed to those Stations, the word Rangoon to be omitted.

J. R. BURLTON BENNETT,
Post-master General of Bengal.

Calcutta,
General Post Office,
The 1st July 1854.

Notice.

THE public are informed, that in consequence of the termination of the Contract with the General Screw Steam Shipping Company, for the conveyance of the Mails to and from the Cape of Good Hope and England, it has been found necessary to revert to the route of Egypt for the transmission of Books between India and the United Kingdom, and that under the authority of Treasury Warrant, dated the 14th April 1854, this arrangement was carried into effect as regards the despatch of Books from the United Kingdom on and from the 19th idem.

In order to cover the expenses incurred in the transmission of these Books across the Isthmus of Suez, it has been decided, with concurrence of the Court of Directors of the East India Company, to increase the postage from 6d. to 8d. the half pound.

Under these circumstances above stated, this Department has been instructed to collect in future, on all Books posted in Bengal, addressed to the United Kingdom, the following rates of postage:—

Rangoon Post Office Notice.

LETTERS and Newspapers, which should be addressed to RANGOON only, are frequently directed by mistake to Pegu or Burmah, and letters, &c. intended for delivery in Pegu, Prome, Bassien and other places in the Provinces, are in like manner erroneously addressed to "Rangoon, Burmah." The Rangoon Post Master begs to notify that, with such vague directions, this Department is left to find out to which of the Stations such letters should be forwarded, and from want of information, great disappointment is felt when they are despatched to the wrong Station. To obviate this, it is desirable, that parties posting letters in Calcutta or elsewhere, should be careful to direct them to their respective Stations, and to inform their Agents and Correspondents, when leaving one place for another, of their change of address, to ensure letters being directed to the proper Station. A list of places in the Pegu Provinces or in Burmah, and their distance from Rangoon, is annexed below, *viz.*:

| | |

| Donabew, | 40 miles |
| Pegu, | 55 " |

Letters addressed to public functionaries, whose head-quarters or residence is in Rangoon, should be addressed "Rangoon," instead of Pegu or Burmah; but if intended for delivery at other Stations, should be addressed to those Stations, the word Rangoon to be omitted.

Rangoon Post Office Notice.

LETTERS and Newspapers, which should be
 addressed to RANGOON only, are frequently di-
 rected by mistake to Pegu or Burmah, and
 letters, &c. intended for delivery in Pegu, Prome,
 Bassien and other places in the Provinces, are in
 like manner erroneously addressed to "Rangoon,
 Burmah." The Rangoon Post Master begs to
 notify that, with such *vague* directions, this De-
 partment is left to find out to which of the Sta-
 tions such letters should be forwarded, and from
 want of information, great disappointment is felt
 when they are despatched to the wrong Station.
 To obviate this, it is desirable, that parties
 posting letters in Calcutta or elsewhere, should
 be careful to direct them to their respective
 Stations, and to inform their Agents and Corre-
 spondents, when leaving one place for another, of
 their change of address, to ensure letters being
 directed to the proper Station. A list of places
 in the Pegu Provinces or in Burmah, and their
 distance from Rangoon, is annexed below, *viz.* :

| | | |
|-------------|-------|--------------|
| Donabew, | | 40 miles. |
| Pegu, | | 55 " |
| Sittang, | | 67 " |

Letters addressed to public functionaries, whose
 head-quarters or residence is in Rangoon, should
 be addressed "Rangoon," instead of Pegu or
 Burmah; but if intended for delivery at other
 Stations, should be addressed to those Stations, the
 word Rangoon to be omitted.

NOTICE TO MARINERS.

EXHIBITION OF A NEW REVOLVING LIGHT AT NORTH RONALDSHAY, AND ALTERATION OF THE START-POINT LIGHT FROM A REVOLVING LIGHT TO A FIXED LIGHT.

I.—NORTH RONALDSHAY LIGHTHOUSE.

THE COMMISSIONERS of the NORTHERN LIGHTHOUSES hereby give Notice that a LIGHTHOUSE is being built upon the ISLAND of NORTH RONALDSHAY in ORKNEY, the Light of which will be exhibited on the Night of FRIDAY the 1st September 1854, and every night thereafter, from the going away of day-light in the evening to the return of day-light in the morning.

The following is a Description of the Lighthouse and the Appearance of the Light, by Mr. DAVID STEVENSON, Engineer to the Commissioners:—

THE LIGHTHOUSE is in N. Lat. $59^{\circ} 23' 15''$, and W. Long $2^{\circ} 23' 38''$; it stands on the Northern Point of the Island of North Ronaldshay, and by Compass it bears from Mouth-head of Papa-Westra, W. N. W. $\frac{1}{4}$ North, distance 15 nautical miles; and from Start-Point of Sanday Lighthouse, S. S. W. $\frac{1}{4}$ West, distance 6½ miles.

THE NORTH RONALDSHAY LIGHT will be known to Mariners as a REVOLVING LIGHT, producing a bright flash of the natural colour once in every 10 seconds. It will be visible all round the Compass. The Lantern is elevated 140 feet above the level of the sea; and the Light will be seen at the distance of about 18 nautical miles, and at lesser distances, according to the state of the atmosphere.

II.—START-POINT LIGHTHOUSE.

THE START-POINT Light, which is 6½ miles from North Ronaldshay Light, being at present a REVOLVING LIGHT, producing a bright flash once in every minute, the COMMISSIONERS further give notice, that on and after the night of Friday the 1st September 1854, when the new Revolving Light at North Ronaldshay is to be exhibited, the present REVOLVING LIGHT at Start-point WILL BE CHANGED TO A FIXED LIGHT of the natural color.

PARIS EXHIBITION OF 1855.—No. 2.

BRIEF SUMMARY OF THE CONDITIONS UPON WHICH THE EXHIBITION WILL BE CONDUCTED.

THE decesses and regulations issued by the Imperial Commission of France give full information as to the principles upon which the Imperial Government propose to conduct the Exhibition of 1855, and an attentive perusal of them is recommended to all those who desire to co-operate in securing a fair representation of British Industry on that occasion.

Those regulations appear to be conceived in the most equitable and liberal spirit; and there is no doubt that that spirit will be met in a becoming manner by the Manufacturers and other Producers of the British Empire and her Colonies.

It may be useful to sum up briefly the principal conditions upon which the Exhibition will be conducted, comprising the assistance offered to Exhibitors by the French Commission, and that when the British authorities are empowered to offer.

1. The Exhibition will open in Paris on the 1st May, 1855.
2. The French Commission will communicate only with Exhibitors from Foreign Countries through the Commission appointed by each country for that purpose.
3. No Articles will be admitted from Foreign Countries except with the sanction of such Foreign Commission.
4. Every Article produced or obtained by human industry, whether of Raw Materials, Machinery, Manufactures, or Fine Arts, is admissible, except—
 - i. Living animals and plants.
 - ii. Substances liable to become putrid from keeping.
 - iii. Detonating and other dangerous substances.
 - iv. Articles of extravagant size.

5. All goods must reach Paris between the 15th January and 15th March 1855, which period may, in a few exceptional cases, be extended to the 15th April.
6. The French Commission offers to convey all goods from the French ports or frontiers to the building in Paris without charge.
7. No charge will be made for rent.
8. Exhibitors and their Agents will be admitted free to the building during the whole period of the Exhibition.
9. Plain counters and partitions will be provided without charge.
10. The French Commission will find labourers for unpacking, transporting, and arranging goods under the direction of Exhibitors or their Agents.
11. The French Commission will provide shafting, steam, or water-pressure for Machines in motion.
12. Exhibitors will be responsible for accidents, loss or damage, but the fullest precautions are promised against such events.
13. The current trade price may be affixed to any goods if the Exhibitors desire it.
14. Goods may be exhibited in bond, and no duty will be charged if re-exported.
15. Exhibited goods at present prohibited by the French Tariff may be admitted for consumption in France at an *ad valorem* duty of 20 per cent.
16. Arrangements will be made to insure one year's protection to designs and inventions if exhibited, without cost to the Exhibitor.
17. The goods will be examined by an international Jury, and rewards given, the nature of which will be published.
18. The British authorities will undertake all expenses of general organization and management, and will defray the expenses of the transport and custom-house agency of all goods delivered within a specified time.
19. A sufficient Staff will be provided for giving that attention to the goods of Exhibitors which was undertaken by the Commissioners for the Exhibition of 1851.
20. The expenses, which must in every case fall upon Exhibitors, will be—
- The carriage of the goods from the manufactory or residence of the Exhibitor to London.
 - The expense of glass-cases, shelves, brackets, awnings, hangings, or decorations of the stalls, which must all be undertaken under such restrictions as the Officers of the French Commission may impose for the sake of the general arrangements or appearance of the Exhibition.
 - The unpacking, arrangement, and general care of the goods during the Exhibition, except as far as provided by paragraph 19.
21. Demands for space are to be sent in before the 1st of July, if possible, and in no case later than the 1st of August.

NAPOLEON, par la grace de Dieu et la volonté nationale
EMPEREUR DES FRANÇAIS, à tous présents et à venir,
SALUT ;

Considérant qu'un des moyens les plus efficaces de contribuer au progrès des arts est une exposition universelle, qui, en ouvrant un concours entre tous les artistes du monde, et en mettant un regard tant d'œuvres diverses, doit être un puissant motif d'émulation, et offrir une source de comparaisons fécondes ;

(¹) La clôture de l'exposition a été prorogée au 31 octobre. (Voir article 1, § 2, du Règlement général.)

IMPERIAL COMMISSION.
DECREES, REGULATIONS, AND INSTRUCTIONS.

DECREES.

NAPOLEON, by the grace of God, and the national will, EMPEROR OF THE FRENCH, to all whom these presents may concern, greeting :

On the report of our Minister, Secretary of State for the department of the Interior :

WE HAVE DECREED AND DO HEREBY DECREE as follows :

Art. 1.—A Universal Exhibition of agricultural and manufacturing products will be opened at Paris, in the Place of Industry on the Carré de Marigny, on the 1st May, 1855, and will close on the 30th of September, following (¹).

The products of all nations will be admitted to this exhibition.

Art. 2.—The quinquennial exhibition, which, by the terms of Art. 5 of the ordonance of the 4th of October, 1853, was to open on the 1st May, 1854, will be united to the Universal Exhibition.

Art. 3.—An ulterior decree will fix the conditions in which the Universal Exhibition will take place, the regulations under which the goods exhibited will be placed, and the various kinds of objects capable of being admitted.

Art. 4.—Our Minister, Secretary of State for the department of the Interior, is charged with the execution of the present decree.

Given at the Place of the Tuilleries, this 8th of March, 1853.

Signed : NAPOLEON.

*Countersigned : F. DE PERSIGNY,
Minister, Secretary of State for the Interior.*

NAPOLEON, by the grace of God, and the national will, EMPEROR OF THE FRENCH, to all whom these presents may concern, greeting :

Considering that one of the most efficient means of contributing to the progress of the arts is a Universal Exhibition, which, by throwing open a competition amongst all the artists of the world, and by placing so many various works in face of each other, ought to be a powerful motive to emulation, and present an occasion for fruitful comparisons ;

(¹) The fixed date for the closing of the Exhibition has been extended to October 31. (Vide Ar. 1 of the General Regulations.)

Considérant que les perfectionnements de l'industrie sont étroitement liés à ceux des beaux-arts ;
Que cependant toutes les expositions des produits industriels qui ont eu lieu jusqu'ici n'ont admis les œuvres des artistes que dans une proportion insuffisante ;
Qu'il appartient spécialement à la France, dont l'industrie doit tant aux beaux-arts, de leur assigner, dans la prochaine exposition universelle, la place qu'ils méritent ;

AVONS DÉCRÉTÉ ET DECRETONS ce qui suit :

ARTICLE PREMIER.—Une exposition universelle des beaux-arts aura lieu à Paris en même temps que l'exposition universelle de l'industrie.

Le local destiné à cette exposition sera ultérieurement désigné.

2.—L'exposition annuelle des beaux-arts de 1854 est renvoyée à 1855, et réunie à l'exposition universelle.

3.—Notre Ministre d'Etat est chargé de l'exécution du présent décret.

Fait au Palais de Saint-Cloud, le 22 juin 1853.

Signe : NAPOLEON.

Par l'Empereur :

Le Ministre d'Etat,

Signe : ACHILLE FOULD.

NAPOLEON, par la grâce de Dieu et la volonté nationale
EMPEREUR DES FRANÇAIS, à tous présents et à venir,
SALUT;

Sur le rapport de notre Ministre secrétaire d'Etat au département de l'agriculture, du commerce, et des travaux publics :

Vu nos décrets des 8 mars et 22 juin derniers, portant qu'il sera ouvert à Paris, le 1^{er} mai 1855, une exposition universelle des produits de l'agriculture, de l'industrie, et des beaux-arts ;

AVONS DÉCRÉTÉ ET DECRETONS ce qui suit :

ARTICLE PREMIER.—L'exposition universelle des produits de l'agriculture, de l'industrie, et des beaux-arts, est placée sous la direction et la surveillance d'une Commission, qui sera presidée par notre bien-aimé cousin le prince Napoléon.

2.—Sont nommés membres de cette Commission :

M.M. Baroche, président du Conseil d'Etat;
Elie de Beaumont, sénateur, membre de l'Institut;
Billault, président du corps Legislatif;
Blanqui, membre de l'Institut, directeur de l'école supérieure du commerce;

Greterin, conseiller d'Etat, directeur général des douanes et des contributions indirectes;
Heurtier, conseiller d'Etat, directeur général de l'agriculture et du commerce;
Ingres, membre l'Institut;
Legentil, président de la chambre de commerce de Paris;
Leplay, ingénieur en chef des mines;
Comte de Lesseps, directeur des consulats et des affaires commerciales au ministère des affaires étrangères;
Merimee sénateur, membre de l'Institut;
Michel Chevalier, conseiller d'Etat, membre de l'Institut;
Minarel, sénateur;
General Morin, directeur du Conservatoire impérial des arts et métiers;
Comte de Morny, député au Corps législatif, membre du conseil supérieur du commerce, de l'agriculture, et de l'industrie;
Prince de la Moskowa, sénateur;
Duc de Mouchy, sénateur, membre du conseil supérieur du commerce, de l'agriculture, et de l'industrie;
Marquis de Pastoret, sénateur, membre de l'Institut;

Considering that improvements in manufactures are closely connected with high perfection in the Fine-Arts;

That, however, all the exhibitions of industrial products, which have been hitherto held, have admitted the works of artists in only a very insufficient proportion.

That besides it belongs especially to France, whose manufactures owe so much to the Fine-Arts, to assign to them in the coming Universal Exhibition, the place which they merit;

WE HAVE DECREED AND DO HEREBY DECREE, as follows :

ART. 1.—A Universal Exhibition of the Fine-Arts will be held at Paris, at the same time as the Universal Exhibition of Industry.

The building, in which this Exhibition is to take place, will be designated hereafter.

ART. 2.—The annual exhibition of the Fine-Arts of 1854 is postponed to 1855, and united with the Universal Exhibition.

ART. 3.—Our Minister of State is charged with the execution of the present decree.

The Imperial Commission assembled for the first time on the 29th of December 1853 at the Palais-Royal, Prince Napoléon presiding. His Imperial Highness, after reading the decrees instituting the Commission, delivered the following address :

MESSEURS,

L'Empereur nous confie une noble et honorable mission, en nous chargeant d'organiser ce grand concours dans lequel la France se montrera digne d'elle-même, par l'impression que ses artistes et ses industriels mettront à répondre à l'appel qui leur est fait.

Notre devoir, vis-à-vis des étrangers, est de les recevoir avec un large et bienveillante hospitalité.

Toutes les opinions, en matière d'économie politique, sont représentées dans notre réunion, non pour se livrer à des discussions stériles en dehors de notre mission, mais pour concourir, avec une égale ardeur, quel que soit leur point de vue, à la réussite de cette œuvre qui doit illustrer la France et l'Europe du dix-neuvième siècle.

Sur ce point, Messieurs, nous devons être tous d'accord.

L'Empereur a témoigné sa haute impartialité en réunissant en un même huisseau les sommets de la politique, des sciences, des arts, de l'industrie, et du commerce.

Pour la première fois, à une exposition universelle de l'industrie, se trouvera réunie une exposition universelle des beaux-arts.

Il appartient à notre pays de donner l'exemple de cette alliance, qui va si bien à son génie initiateur.

J'espère, Messieurs, que la confiance la plus entière présidera à nos rapports, et je vous demande pour votre Président une indulgence dont il a besoin.

Sentant mon insuffisance pour la grande mission que la confiance de l'Empereur a bien voulu me donner, j'y apporterai au moins le zèle le plus ardent et la ferme volonté de bien faire, cette première condition du succès.

Les questions que nous aurons à résoudre sont nombreuses et compliquées : elles touchent à une multitude d'intérêts divers. Je me propose de les soumettre à votre décision successivement, et à mesure qu'elles se présenteront, pour ne pas nous surcharger inutilement dès le commencement de nos travaux.

Ils se divisent naturellement en deux grandes parties : les décrets que nous avons à provoquer de la part de Sa Majesté, les questions que nous avons à résoudre de notre propre autorité.

En exécution du décret, notre première opération doit être la nomination du vice-président de la Commission générale, et des deux vice-présidents des sections de l'industrie et des beaux-arts.

Je vous demanderai ensuite de vouloir bien m'adjointre une Sous-Commission, pour m'aider dans l'exécution des mesures que vous aurez prises. Les affaires ne peuvent se résoudre d'une façon pratique que par un petit nombre de personnes pouvant y consacrer leur aptitude spéciale et leur temps.

La première question à examiner par cette Sous-Commission sera la préparation d'un règlement intérieur, pour la prompte expédition des nombreuses affaires que nous aurons à régler.

DECRET.

NAPOLEON, par la grâce de Dieu et la volonté nationale, EMPEREUR DES FRANÇAIS, à tous présents et à venir, salut :

Vu le projet de règlement général proposé par la Commission impériale concernant l'exposition universelle des produits de l'agriculture, de l'industrie, et des beaux-arts,

AVONS DECRÉTÉ ET DECRETONS ce qui suit :

Le projet de règlement général pour l'exposition universelle, annexé au présent, demeure approuvé.

Fait au palais des Tuilleries, le 6 avril 1854.

REGLEMENT GÉNÉRAL.

DISPOSITIONS GÉNÉRALES.

Art. 1. L'exposition universelle, instituée à Paris pour l'année 1855, recevra les produits agricoles et industriels, ainsi que les œuvres d'art de toutes les nations.

GENTLEMEN,

The Emperor confides to us a noble and honorable mission, when he charges us to organize this grand competition, in which France will show herself worthy of her name, by the eagerness with which her artists and her manufacturers will respond to the appeal which is made to them.

Our duty towards foreigners is to receive them with a liberal and kind-hearted hospitality.

All opinions in matters of political economy are represented in our body, not for the purpose of entering into fruitless discussions, which are foreign to our mission, but of co-operating with equal ardour, whatever may be their point of view, in the success of this work, which is calculated to throw so great a lustre on the France and Europe of the nineteenth century.

On that point, Gentlemen, there cannot be any difference of opinion amongst us.

The Emperor has testified his high impartiality in assembling in the same body the leading men in politics, science, arts, manufactures, and commerce.

For the first time, an Universal Exhibition of the Fine-Arts will be adjoined to an Universal Exhibition of Industry.

It belongs to our country to set the example of this alliance, which is so well suited to our initiatory genius.

I hope, Gentlemen, that the most entire confidence will preside over our relations, and I ask you to grant me, as your President, that indulgence of which I stand in need.

Feeling my insufficiency for the great mission which the confidence of the Emperor has been pleased to confer on me, I shall at least devote to it my most ardent zeal and the firm determination to act for the best, which is the first condition of success.

The questions which we shall have to solve are numerous and complicated, and are connected with a multitude of diversified interests, I propose to submit them to your decision successively, as they will present themselves, in order not to overburden ourselves uselessly at the commencement of our labours.

They naturally divide themselves into two great parts : —the questions which may call for decrees on the part of His Majesty, and those which we can solve on our own authority.

In execution of the decree which has been published, our first operation is the nomination of the Vice-President of the general Commission, and of the two Vice-Presidents of the sections of Manufactures and of the Fine-Arts.

I shall afterwards request you to appoint a sub-commission to assist me in the execution of the measures which you shall have decided on. Business can only be got through in a practical manner by a small number of persons devoting to it their special aptitude and their time.

The first question to occupy the attention of that sub-commission will be to draw up a series of regulations for the prompt despatch of the numerous affairs which we shall have to decide on.

The general regulations, framed by the Imperial Commission for the management of the Universal Exhibition, were approved of by the following decree :

NAPOLEON, by the grace of God, and the national will, EMPEROR OF THE FRENCH, to all whom these presents may concern, greeting :

Considering the draft of the general regulations proposed by the Imperial Commission for the Universal Exhibition of the products of Agriculture, Industry, and the Fine-Arts ;

WE HAVE DECREED AND DO HEREBY DECREE, as follows :

The general regulations for the Universal Exhibition, annexed to the present decree, are hereby approved of.

Given at the Palace of the Tuilleries, this 6th of April, 1854.

Signed : NAPOLEON.

Countersigned ACHILLE FOULD,

Minister of State.

Minister, Secretary of State for Agriculture, Commerce, and Public Works.

GENERAL REGULATIONS.

GENERAL ARRANGEMENTS.

Art. 1.—The Universal Exhibition, appointed to be held at Paris in the year 1855, will receive the agricultural and manufacturing products, as well as the works of art, of all nations.

Elle s'ouvrira le 1^{er} mai et sera close le 31 octobre de la même année.

Art. 2. L'exposition universelle de 1855 est placée sous la direction et la surveillance de la Commission impériale nommée par décret du 24 décembre 1853.

Art. 3. Dans chaque département, un comité, nommé par le Préfet d'après les instructions de la Commission impériale, sera chargé de prendre toutes les mesures utiles au succès de l'exposition, et de statuer, en temps opportun, sur l'admission et le rejet des produits présentes.

Il sera établi en outre, si la Commission impériale le juge nécessaire, des sous-comités locaux ou des agents spéciaux, dans toutes les villes et centres industriels où le besoin en sera reconnu.

Art. 4. Des instructions spéciales seront adressées, au nom de la Commission impériale, à MM. les Ministres de la guerre et de la marine, pour l'organisation du concours de l'Algérie et des colonies françaises à l'exposition.

Art. 5. Les Gouvernements étrangers seront invités à établir, pour le choix, l'examen, et l'envoi des produits de leurs nationaux, des comités dont la formation et la composition seront notifiées, le plus tôt possible, à la Commission impériale, afin qu'elle puisse se mettre immédiatement en rapport avec ses comités.

Art. 6. Les comités départementaux, ainsi que les comités étrangers, autorisés par leurs Gouvernements respectifs, correspondront directement avec la Commission impériale, qui s'interdit toute correspondance avec les exposants ou autres particuliers tant français qu'étrangers.

Art. 7. Les Français ou les étrangers qui se proposent de concourir à l'exposition devront s'adresser au comité du département, de la colonie, ou du pays qu'ils habitent.

Les étrangers résidant en France pourront s'adresser aux comités officiels de leurs pays respectifs.

Art. 8. Nul produit ne sera admis à l'exposition, s'il n'est envoyé avec l'autorisation et sous le cachet des comités départementaux ou des comités étrangers.

Art. 9. Les comités étrangers et départementaux feront connaître, aussitôt que possible, le nombre présumé des exposants de leur circonscription, et l'espace dont ils croiront avoir besoin.

Art. 10. Sur cette communication, la Commission impériale fera, sans délai, opérer la répartition de l'emplacement général, au *prorata* des demandes, entre la France et les autres nations.

Art. 11. Cette répartition opérée, notification immédiate sera faite aux comités français et étrangers, qui auront eux-mêmes à sub-diviser, entre les exposants de leurs circonscriptions, l'espace ainsi déterminé.

Art. 12. Les listes des exposants admis devront être adressées à la Commission impériale, au plus tard, le 30 novembre 1854.

Elles indiqueront :

1^o. Les noms, prénoms (ou la raison sociale), profession, domicile, ou résidence des requérants ;

2^o. La nature et le nombre ou la quantité des produits qu'ils désirent exposer ;

3^o. L'espace qui leur est nécessaire à cet effet, en hauteur, largeur, et profondeur.

Ces listes, ainsi que les autres documents venant de l'étranger, devront, autant que possible, être accompagnées d'une traduction en langue française.

ADMISSION ET CLASSIFICATION DES PRODUITS.

Art. 13. Sont admissibles à l'exposition universelle tous les produits de l'agriculture, de l'industrie, et de l'art, autres que ceux qui se classent dans les catégories ci-après :

1^o. Les animaux et les plantes, à l'état vivant ;

2^o. Les matières végétales et animales, à l'état frais et susceptibles d'altération ;

3^o. Les matières détonantes, et généralement toutes les substances qui seraient reconnues dangereuses ;

4^o. Et enfin, les produits qui dépasseraient, par leur quantité, le but de l'exposition.

Art. 14. Les esprits ou alcools, les huiles et essences, les acides et les sels corrosifs, et généralement les corps facilement inflammables ou de nature à produire l'incendie, ne seront admis à l'exposition que renfermés dans des vases solides et parfaitement clos ; les propriétaires de ces produits devront d'ailleurs se conformer aux mesures de sûreté qui leur seront prescrites.

Art. 15. La Commission impériale aura le droit d'éliminer et d'exclure, sur la proposition des agents compétents, les produits français qui lui paraîtraient nuisibles ou incompatibles avec le but de l'exposition, et ceux qui auraient été envoyés au-delà des exigences et des convenances de l'exposition.

It will open on the 1st of May, and will close on 31st of October of the same year.

Art. 2.—The Universal Exhibition of 1855 is placed under the direction of the Imperial Commission, nominated by the decree of the 24th of December 1853.

Art. 3.—In every department, a committee, nominated by the Prefet, in accordance with the instructions of the Imperial Commission, will be charged with the necessary measures for the success of the Exhibition, and with the admission and rejection, in proper time, of the articles presented.

There shall also be appointed, should the Imperial Commission deem it necessary, local sub-committees or special agents, in every town and centre of industry, where the necessity of them may be felt.

Art. 4.—Special instructions will be addressed, in the name of the Imperial Commission, to the Ministers of War and Marine, for the exhibition of the products of Algeria and of the French colonies.

Art. 5.—The various foreign Governments will be invited to appoint, for the examination, selection, and transmission of their national products, committees, the formation and composition of which should be notified as soon as possible to the Imperial Commission, in order that it may immediately place itself in communication with such committees.

Art. 6.—The departmental committees, as well as the foreign committees authorized by their respective Governments, will correspond directly with the Imperial Commission, which will not hold any correspondence whatever with the exhibitors themselves, or with other private persons, either French or Foreigners.

Art. 7.—Such French subjects or Foreigners, as intend exhibiting, should apply to the committee of the department, colony, or country which they inhabit.

Foreigners, residing in France, may apply to the official committees of their respective countries.

Art. 8.—No article will be admitted to the Exhibition, if not sent with the authorization, and under the seal of the departmental or Foreign committees.

Art. 9.—The Foreign and departmental committees should make known, as soon as possible, the presumed number of exhibitors in their division, and the space which it is supposed they will require.

Art. 10.—On receipt of that intimation, the Imperial Commission will, without delay, proceed to the division of the general space amongst France and the other countries, in proportion to the demands sent in.

Art. 11.—When that division has been effected, notice of the same will be immediately sent to the French and Foreign committees, who will then have to sub-divide the space thus allotted to them amongst the exhibitors of their divisions.

Art. 12.—The lists of the exhibitors who are admitted must be sent to the Imperial Commission, by the 30th of November 1854, at the latest.

These lists ought to mention :

1^o. The names, christian names (or name of firm), profession and address of the parties applying ;

2^o. The nature and number, or quantity of the articles which they desire to exhibit ;

3^o. The space which they require in height, width, and depth.

These lists, as well as all other documents coming from Foreign countries, ought, as much as possible, to be accompanied by a translation into French.

1^o. Living animals and plants ;

2^o. Vegetable and animal substances in a fresh state, and of a nature liable to be spoiled from keeping ;

3^o. Detonating substances, and, in general, all such as may be considered dangerous ;

4^o. And, finally, such objects, as, by their bulk, do not come within the scope of the Exhibition.

Art. 14.—Spirits or alcohols, oils and essences, acids and corrosive salts, and generally bodies easily inflammable, or of a nature to lead to combustion, will only be admitted to the Exhibition when contained in solid and perfectly closed vessels : the owners of such articles will, besides, be bound to conform to such measures of safety as may be prescribed to them.

Art. 15.—The Imperial Commission will have the right of excluding, on the proposition of the competent agents, such French objects as may appear to it injurious or incompatible with the object of the Exhibition, and of diminishing those which have been sent in excess of the requirements or accommodation of the Exhibition.

Art. 28.—Tables, counters, flooring, enclosures, barriers, and partitions between the various sections of products, will be furnished gratuitously.

Art. 29.—All particular arrangements, such as stands, shelves, supports, suspenders, glass-cases, hangings, awnings, paintings, and ornaments will be at the charge of the exhibitors.

Art. 30.—These dispositions, arrangements, and ornements can only be executed in conformity with the general plan and under the superintendence of inspectors, who will determine the height and form of the front of the stalls, and likewise the colour of the painting, hangings, and draperies.

Art. 31. Des entrepreneurs, indiqués ou acceptés par la Commission impériale, se tiendront à la disposition des exposants. Leurs mémoires, si l'exposant le désire, seront réglés par des agents désignés à cet effet.

Neanmoins les exposants pourront employer, avec l'autorisation de la Commission, tels ouvriers qu'ils jugeront convenables.

Art. 32. Les industriels qui désireront exposer des machines ou autres objets d'un poids ou volume considérable, et dont l'installation exigerait des fondations ou des constructions particulières, devront en faire la déclaration sur leur demande d'inscription.

Art. 33. Ceux dont les machines devront être mises à la vapeur, ceux qui exposeront des fontaines jaillissantes ou des pièces hydrauliques, devront le déclarer en temps convenable, et indiquer la quantité et la pression d'eau ou de vapeur que leur sera nécessaire.

Art. 34. Les produits seront disposés par nations dans l'ordre de la classification indiquée à l'article 16. Néanmoins, les produits divers d'un individu, d'une corporation, d'une ville, d'un département, ou d'une colonie, pourront, avec l'autorisation du comité d'exécution, être exposés en groupes particuliers, lorsque cette disposition ne nuira pas à l'ordre établi.

Art. 35. La Commission impériale prendra toutes les mesures nécessaires pour préserver les objets exposés de toute chance d'avarie. Néanmoins, si, malgré ces précautions, un sinistre venait à se déclarer, elle n'entend point prendre à sa charge les dégâts et dommages qui pourraient en résulter. Elle les laisse aux risques et périls des exposants, ainsi que les frais d'assurances, s'ils jugeaient utile de recourir à cette garantie.

Art. 36. La Commission impériale aura également soin que les produits soient surveillés par un personnel nombreux et actif; mais elle ne sera pas responsable des vols ou détournements qui pourraient être commis.

Art. 37. Chaque exposant aura la faculté de faire garder ses produits, à l'exposition, par un représentant de son choix. Déclaration devra être faite, dès le début, du nom et de la qualité de ce représentant; il lui sera livrée une carte d'entrée personnelle, qui ne pourra être ni cédée ni prétée, à aucune période de l'exposition, sous peine de retrait.

Art. 38.—Les représentants des exposants devront se borner à répondre aux questions qui leur seront faites, et à livrer les adresses, prospectus ou prix courants qui leur seront demandés.

Il leur sera interdit, sous peine d'expulsion, de solliciter l'attention des visiteurs ou de les engager à acheter les objets exposés.

Art. 39. Le prix courant de vente au commerce, à l'époque de l'exposition des produits, pourra être ostensiblement affiché sur l'objet exposé.

L'exposant qui voudra user de cette faculté devra préalablement faire la déclaration au comité de sa circonscription, qui visera les prix après en avoir reconnu la sincérité.

Le prix ainsi affiché sera, en cas de vente, obligatoire pour l'exposant à l'égard de l'acheteur.

Dans le cas où la déclaration serait reconnue fausse, la Commission impériale pourra faire enlever le produit et exclure l'exposant du concours.

Art. 40. Les articles vendus ne pourront être retirés qu'après la clôture de l'exposition.

PRODUITS ETRANGERS.—DOUANES.

Art. 41. A l'égard des produits étrangers admis à l'exposition, le palais de l'exposition sera constitué en *entrepot*.

Art. 42. Ces produits, accompagnés des bulletins mentionnés en l'article 19, entreront en France par les ports et villes frontières ci-après désignées :

Lille, Valenciennes, Forbach, Wissembourg, Strasbourg, Saint-Louis, les Verrières-de-Joux, Pont-de-Beauvoisin, Chapareillan, Saint-Laurent-du-Var, Marseille, Cetze, Port-Vendres, Perpignan, Bayonne, Bordeaux, Nantes, le Havre, Boulogne, Calais, et Dunkerque.

Art. 43. Les envois pourront être adressés à des agents désignés par la Commission impériale dans chacun de ces ports ou villes. Ces agents, moyennant une retribution tarifée d'avance, se chargeront de remplir les formalités nécessaires envers la douane et de diriger les produits sur le palais de l'exposition.

Art. 44. Les produits étrangers reçus au palais de l'exposition seront pris en charge par les employés des douanes.

Art. 31.—Workmen, designated or approved of by the Imperial Commission, will hold themselves at the disposition of the exhibitors, and their bills will be examined by agents specially appointed for the purpose, should the exhibitors desire it.

Nevertheless, exhibitors will be at liberty to employ such workmen as they may think fit, having previously obtained the authorization of the Commission.

Art. 32.—Manufacturers wishing to exhibit machinery or other objects of extraordinary weight or size, and which will require foundations, special constructions, must make a declaration to that effect, on their demand for space.

Art. 33.—Likewise, persons intending to exhibit machinery which is to be moved by steam, or fountains throwing up water, or hydraulic engines, ought to make a declaration of their intention at an early period, and state the quantity and degree of pressure of steam or water which they may require.

Art. 34.—The various products will be arranged together by nations, in the order of the classification indicated in Art. 16. Nevertheless, the different products exhibited by an individual, corporate body, city, department, or colony, may, if necessary, and with the authorization of the Executive Committee, be exhibited in separate groups when that disposition does not materially interfere with the regular arrangements.

Art. 35.—The Imperial Commission will take every measure to preserve from damage the articles exhibited. Nevertheless, if, notwithstanding these precautions, some accident should chance to occur, the Commission will not hold itself responsible for any damage which might result. These risks exhibitors must take on themselves, as likewise the expense of insurance, should they consider that precaution necessary.

Art. 36.—The Imperial Commission will likewise take care that the goods shall be watched over by an active and numerous staff; the Commission will not, however, be responsible for any thefts or frauds which may take place.

Art. 37.—Each exhibitor will have the privilege of having his goods watched over at the Exhibition by an agent chosen by himself. Notice must be given, before the Exhibition opens, of the name and position of this agent. A personal card of admission will be given him, which, as long as the Exhibition remains open, he is neither to transfer nor lend, under pain of forfeiture.

Art. 38.—The agents of exhibitors must confine themselves to answering such questions as may be addressed to them, and to delivering cards of address, prospectuses, or lists of prices, when asked for.

They will be interdicted under pain of expulsion, from soliciting the attention of visitors, or inducing them to purchase the articles exhibited.

Art. 39.—The current trade price of any article, at the period of the Exhibition, may be prominently affixed to it.

Any exhibitor, who may wish to avail himself to this permission, must announce his intention beforehand to the local committee of his division, who will sanction the prices, on having ascertained their correctness.

The price thus affixed must, in case of a sale taking place, be strictly adhered to by the exhibitor, as regards the buyer.

In case the declaration should be proved to be false, the Imperial Commission may order the goods to be removed from the building, and the exhibitor excluded from exhibiting any longer.

Art. 40.—Articles sold cannot be removed until the close of exhibition.

FOREIGN GOODS.—CUSTOMS.

Art. 41.—With respect to foreign goods admitted to the Exhibition, the Exhibition-Palace will be constituted a bonded warehouse.

Art. 42.—These goods, accompanied by the bulletins mentioned in Art. 19, will enter France by the ports and frontier-towns here mentioned, *viz.*:

Art. 44.—Foreign goods, thus imported into France, will be received at the Exhibition-Palace, where they will be taken charge of by the custom-house officers.

Art. 45. L'enlevement des plombs et l'ouverture des colis n'auront lieu qu'a l'intérieur du palais, en présence des exposants ou de leurs représentants, et par les soins des employés de la douane.

Art. 46. Un exemplaire du bulletin d'expédition, considéré comme *certificat d'origine*, restera entre les mains de la douane; un autre sera remis au commissaire du classement de l'exposition, et le troisième au secrétariat général de la Commission impériale.

Art. 47. Les exposants étrangers ou leurs représentants auront, après la clôture de l'exposition, à déclarer si leurs produits sont destinés à la reexportation ou à la consommation intérieure.

Dans ce dernier cas, ils pourront en disposer immédiatement, en acquittant les droits, pour la fixation desquels il sera tenu compte, par l'administration des douanes, de la dépréciation qui pourrait résulter du séjour des produits à l'exposition.

Art. 48. Les marchandises prohibées seront exceptionnellement admises à la consommation intérieure, moyennant le paiement d'un droit de 20 pour 100 de leur valeur réelle. Ce même droit sera le taux maximum à percevoir sur tous les articles admis à l'exposition.

ORGANISATION INTERIEURE ET POLICE DE L'EXPOSITION.

Art. 49. L'organisation intérieure et la police de l'exposition sont placées sous l'autorité d'un comité d'exécution, composé des divers chefs des services, qui prononcera sur toutes les questions entrant dans ses attributions.

Art. 50. Un règlement, qui sera publié avant l'époque fixée pour la réception des produits et affiché au palais de l'exposition, déterminera tous les points relatifs à l'ordre du service intérieur. Il fera connaître les agents chargés de venir en aide aux exposants et de veiller à l'ordre et à la sécurité de l'exposition.

Art. 51. Les agents et employés attachés à la partie étrangère devront parler une ou plusieurs des langues des nations avec lesquelles ils seront en rapport.

Des interprètes, désignés par la Commission impériale, seront d'ailleurs établis sur divers points de la division étrangère.

Art. 52. Les Gouvernements étrangers seront priés d'accorder à la Commission impériale des commissaires spéciaux, chargés de représenter leurs nationaux à l'exposition pendant les opérations de réception, de classement, et d'installation des produits, et dans toutes les circonstances où leurs intérêts seront engagés.

PROTECTION DES DESSINS INDUSTRIELS ET DES INVENTIONS.

Art. 53. Tout exposant, inventeur ou propriétaire légal d'un procédé, d'une machine, ou d'un dessin ou fabrique admis à l'exposition et non encore déposé ou breveté, qui en fera la demande avant l'ouverture ou dans le premier mois de l'ouverture de l'exposition, pourra obtenir de la Commission impériale un certificat descriptif de l'objet exposé.

Art. 54. Ce certificat assurera à l'impétrant la propriété de l'objet décrit et le privilège exclusif de l'exploiter pendant la durée d'un an, à dater du 1^{er} mai 1855, sans préjudice du brevet que l'exposant pourra prendre, dans la forme ordinaire, avant l'expiration de ce terme.

Art. 55. Toute demande de certificat d'inventeur devra être accompagnée d'une description exacte de l'objet ou des objets à garantir, et, s'il y a lieu, d'un plan ou d'un dessin des dits objets.

Art. 56. Ces demandes, ainsi que la décision qui aura été prise, seront inscrites sur un registre tenu *ad hoc*, et qui sera ultérieurement déposé au ministère de l'Agriculture, du Commerce, et des Travaux publics (bureau de l'Industrie), pour servir de preuve pendant le temps déterminé pour la validité des certificats.

Art. 57. La délivrance de ces certificats sera gratuite.

JURY ET RECOMPENSES.

Art. 58.—L'appréciation et le jugement des produits exposés seront confiés à un grand jury mixte international. Ce jury sera composé de membres titulaires et de membres suppléants, qui seront répartis en 30 jurys spéciaux correspondant aux 30 classes indiquées dans l'article 16.

Art. 47.—Foreign exhibitors, or their agents will have to declare, after the close of the Exhibition, whether their goods are intended for re-exportation or for interior consumption.

In the latter case, they will be at liberty to dispose of them immediately, after paying the duty, in the fixing of which the Customs' authorities, will take into account the depreciation the goods may have undergone in consequence of their stay in the Exhibition.

Art. 48.—Goods, at all other times prohibited, will, by special exception, be admitted to interior consumption, on paying a duty of 20 per cent. on their actual value. That amount of duty will be the maximum levied on any article exhibited.

INTERIOR ORGANIZATION AND POLICE ARRANGEMENTS.

Art. 49.—The interior organization and police of the Exhibition are placed under the direction of an Executive Committee, composed of different heads of departments, who will decide on all questions coming under their jurisdiction.

Art. 50.—A set of regulations, published before the time fixed for the reception of goods, and posted up within the building, will decide all points relative to the order of the interior service, and will designate the persons charged to assist the exhibitors, and to watch over the order and security of the Exhibition.

Art. 53.—Every exhibitor who is the inventor or legal proprietor of any process, machine, or design admitted to the Exhibition, and not yet registered or patented, may obtain from the Imperial Commission a certificate descriptive of the article exhibited, provided he make an application to that effect before the opening of the Exhibition or during the first month after the opening.

Art. 54.—This certificate will secure to the person who receives it, the property of the article therein described, as well as the exclusive privilege of employing it to the best advantage, for the period of one year from the 1st of May, 1855, without prejudice to any patent which the exhibitor may take out, in the usual manner, before the expiration of that period.

Art. 55.—Every application for an inventor's certificate should be accompanied by an accurate description of the object or objects for which protection is sought, and should it be necessary, by a plan or drawing of the said objects.

Art. 56.—These applications, as well as the decisions arrived at with regard to them, will be entered in a register kept for the purpose, and which will be ultimately deposited at the office of the Minister of Agriculture, Commerce, and Public Works (department of industry), to serve as a proof, during the period above indicated, of the validity of the certificates.

Art. 57.—These certificates will be delivered without any charge.

Art. 58.—The examination of the articles exhibited and the decisions with respect to the rewards to be given, will be confided to a great international mixed jury. MONSIEUR LE PREFECT,

The Imperial Commission for the Exhibition of All Nations to be held in 1855, nominated by a decree of the 27th of December last, under the presidency of H. I. H. the Prince Napoleon, is definitively constituted.

Its first care has been to draw up the regulations of the Exhibition. This work is nearly completed, and will soon be communicated to you.

Meanwhile, the most urgent measure being the organization throughout France of Committees, to be intrusted with the preliminary business of the Exhibition, the Commission has decided, M. le Prefect, on confiding to you that important duty.

You will, therefore, be pleased to put yourself in communication with the Chambers of Commerce, with the consulting Chambers of Arts and Manufactures, the Chambers of Agriculture, the Academic Councils, and the other practical or learned societies which may exist in your department, claiming urgently their advice as to the most prompt and efficacious mode of establishing these committees, the number of members of which they ought to consist, and also whether one or several ought to be established in the department. You will request them, therefore, to lay before you lists of candidates as numerous as possible, from which you will select and appoint the number of members and special men who may appear to you best informed as to the agricultural, manufacturing, and artistic requirements of the department; that number, however, must not go beyond twenty to each committee.

Your selection ought to be made from agriculturists, manufacturers, merchants, professors, artists, and special

hommes speciaux dont les connaissances techniques seront de nature à éclairer les comités sur des points intéressants pour la localité.

Dans le cas où un seul comité vous paraîtrait suffisant pour tout le département, vous jugerez s'il ne serait pas utile de désigner, dans un ou plusieurs arrondissements, dans une ou plusieurs localités données, des agents spéciaux chargés de stimuler l'ardeur des industries, de les éclairer sur le véritable intérêt, sur le sens et la portée d'une exposition universelle, et de vous signaler les industries, encore peu connues, qu'il serait utile ou intéressant d'y faire figurer.

Vous communiquerez sans délai à la Commission impériale le résultat de ces nominations, dont les éléments devront être combinés de telle sorte que, en donnant la plus large part à la principale industrie du département, toutes les autres s'y trouvent suffisamment représentées.

Vous laisserez aux comités locaux le soin d'établir leur président, leur rapporteur, et leur secrétaire, en vous réservant le droit d'assister à leurs opérations toutes les fois que vous le jugerez convenable.

Aussitôt que les comités seront constitués, ce qui devra avoir lieu dans le plus bref délai, vous voudrez bien notifier cette constitution à M. le secrétaire général de la Commission impériale, et lui transmettre, en même temps la liste exacte des membres qui les composeront, avec l'adresse de leurs présidents et secrétaires.

Indépendamment des instructions ci-jointes, que vous êtes prié, Monsieur le Préfet, de communiquer aux comités et agents spéciaux par vous désignés, des instructions détaillées leur seront successivement adressées sur tous les points qui pourraient faire question.

La Commission vous sera elle-même obligée, Monsieur le Préfet, de lui adresser toutes les communications qui vous paraîtront utiles pour le succès de l'exposition universelle.

Recevez Monsieur le Préfet, l'assurance de ma considération très-distinguée.

*Le President de la Commission Impériale,
NAPOLEON.*

FONCTIONS DES COMITÉS LOCAUX.

INSTRUCTIONS.

Les comités locaux sont les intermédiaires officiels et obligés entre la Commission impériale et toutes les personnes se proposant de concourir à l'exposition universelle de 1855.

Ils seront en communication directe avec la Commission impériale, et correspondent avec elle, par l'intermédiaire de leurs présidents et secrétaires, pour tous les renseignements et renseignements dont ils pourront avoir besoin dans l'intérêt de leur mission.

La Commission impériale leur transmettra, à mesure que les circonstances les rendront nécessaires, tous les documents, instructions, et avis propres à les éclairer sur toutes les questions relatives à l'Exposition.

La Commission impériale, en mettant ainsi les comités locaux de mesure de la supplanter et d'agir directement sous ses inspirations, croît devoir décliner tous rapports et toutes correspondances directes avec les personnes ou associations industrielles qui se proposent de prendre part à l'Exposition ; elle ne peut et ne veut correspondre qu'avec les comités.

Les comités locaux ont pour mission :—

- 1^o D'exécuter et faire exécuter, en ce qui les concerne, les dispositions du règlement général ;

- 2^o De répandre dans le resort de leurs localités tous les renseignements, tous les avis de nature à éveiller fortement l'attention des intéressés sur l'objet de l'Exposition ;

- 3^o D'ouvrir un registre sur lequel toutes les personnes qui désirent prendre part à l'Exposition devront se faire inscrire, en le demandant verbalement ou par écrit :

Sur ce registre seront consignées la spécification des produits de chaque personne inscrite et l'espace qu'elle réclame pour leur placement (1).

- 4^o De donner, dans le plus court délai possible, à la Commission impériale, un aperçu sur le nombre probable des exposants de leurs localités et sur l'emplacement que leurs produits occuperaien

(1) Les fabricants devront limiter le nombre des produits qu'ils se proposent d'exposer à la proportion strictement nécessaire pour que leurs industries soient suffisamment appréciées. L'art. 1^o du règlement général détermine les produits non admissibles à l'exposition universelle.

men, whose technical knowledge is of a nature to enlighten the Committees on local points of interest.

In case you should deem a single Committee sufficient for the entire department, you will examine whether it might not be useful to appoint in one or more arrondissements, in one or more given localities, special agents whose duty would be to stimulate the zeal of our manufacturers, to enlighten them as to the real interest, tendency, and important bearing of a Universal Exhibition ; as well as to point out to you branches of industry, heretofore but little known, which it might be useful or interesting to have represented at it.

You will be pleased to communicate without delay to the Imperial Commission the results of these nominations, the elements of which should be so combined, that while the largest share is given to the branch of industry which holds the first place in the department, all the others will be also sufficiently represented.

You will leave to the local Committees the care of electing their own president, reporter, and secretary, reserving to yourself however the right of being present at their sittings whenever you think fit.

As soon as the Committees shall be duly constituted, which must be effected with the briefest delay, you will be pleased to communicate that fact to the Secretary of the Imperial Commission, and at the same time to transmit to him an exact list of the members who compose them, with the addresses of their presidents and secretaries.

Besides the enclosed instructions, which you are requested, M. le Prefect, to communicate to the Committees and special agents appointed by you, detailed instructions will be successively forwarded to them, on all points on which doubts might arise.

The Commission also requests you, M. le Prefect, to forward to it all communications, which you may deem useful for the success of the Exhibition of all Nations.

Receive, M. le Prefect, the assurance of my most distinguished consideration,

*Signed : NAPOLEON,
President of the Imperial Commission.*

FUNCTONS OF LOCAL COMMITTEES.

[In France.]

INSTRUCTIONS.

The local committees are the official and necessary medium of communication between the Imperial Commission and all the persons who intend taking part in the Universal Exhibition of 1855.

They will be in direct communication with the Imperial Commission and will correspond with it, through their presidents and secretaries, for all the information which they may stand in need of in the interest of their mission.

The Imperial Commission will transmit to them, according as circumstances may require, the documents, instructions, and suggestions calculated to enlighten them on all the questions relative to the Exhibition.

The Imperial Commission, in thus enabling the local committees to supply its place, and to carry out its ideas, considers itself obliged to decline all intercourse and all direct correspondence with the persons or industrial firms which intend taking part in the Exhibition ; it cannot and will not correspond but with the committees.

The mission of the local committees is :—

- 1^o To execute and cause to be executed, as far as they are concerned, the provisions of the general regulations ;

- 2^o To disseminate within the circle of their locality all the information and suggestions likely to fix the attention of the parties interested upon the objects of the Exhibition ;

- 3^o To open a register in which all persons who desire to take part in the Exhibition will be bound to get their names inscribed, on applying for it either verbally or in writing ;

In this register will be specified the nature of the objects which each person inscribed proposes to send, and the space which is required for their being arranged in place ; (1)

- 4^o To give, within the shortest possible period, to the Imperial Commission an idea of the probable number of exhibitors from their localities, and of the space which their articles may occupy ;

(1) Manufacturers ought to limit the number of articles, which they intend exhibiting to the proportion strictly necessary to allow their establishments to be sufficiently represented. Art. 1^o of the general regulations specifies the objects which are not admissible to the Universal exhibition.

5^e D'encourager, par tous les moyens en leur pouvoir, la fabrication de produits propres à jeter de l'éclat sur notre industrie;

6^e De visiter, à cet effet, les manufactures et tous les lieux de production de leurs localités et d'entrer en communication directe avec les fabricants;

7^e De remplir, en temps opportun, les fonctions de jurys, et de statuer sur le rejet et l'admission des produits proposés;⁽²⁾

8^e D'envoyer à la Commission impériale, après leur examen, la liste des exposants admis;

9^e De faire accompagner des pièces et documents nécessaires les produits dont ils auront prononcé l'admission et qui seront expédiés à l'Exposition;

10^e De signaler, dans un rapport écrit, les services rendus à l'agriculture et à l'industrie par des chefs d'exploitation, des contre-maîtres, des ouvriers ou journaliers demeurant dans le ressort de leurs localités;

11^e D'exciter autour d'eux le désir de visiter l'Exposition, et d'en faciliter les moyens autant que cela sera en leur pouvoir;

12^e De faire connaître à la Commission impériale les mesures qui leur sembleraient propres à procurer au plus grand nombre possible d'ouvriers de leurs localités les moyens de visiter l'Exposition.

5th. To encourage, by every means in their power, the fabrication of objects calculated to throw lustre on our manufactures;

6th. To visit, for that purpose, all the manufactories and places of production in their neighbourhood, and to enter into direct communication with the proprietors;

7th. To fulfil, when the proper time arrives, the functions of a jury, and to decide on the rejection and admission of the articles proposed;⁽²⁾

8th. To forward to the Imperial Commission, after their examination, a list of the exhibitors admitted;

9th. To have the objects, which they will have decided to admit, and which will be sent to the Exhibition, accompanied by the necessary papers and documents;

10th. To point out in a written report, the services rendered to agriculture and manufactures by the proprietors of works and factories, foremen, workmen or labourers residing in their neighbourhood;

11th.—To simulate around them the desire to visit the Exhibition, and to facilitate the means of doing so as much as lies in their power;

12th.—To make known to the Imperial Commission the measures which may appear to them calculated to procure for the greatest possible number of workmen from their neighbourhood the means of visiting the Exhibition.
